#### SACKED BY THE OFFICER.

SALEM, August 16.—Although only discharged from the penitentiary yesterday morning, Frank McEwen, a negro, who had just completed a sentence of one and one-half years for larceny in a dwelling, was evidently paving his way to get back into prison again, judging from the evidence found on his person when found lying drunk in an alley and placed under arrest last night. When awakened he gave the name of "Jack Snipe," and the officer took him at his word and "sacked" him. A blank check, partly filled out, upon the Salem State Bank, was found in his pocket when searched at the station.

#### CRAZED BY JEALOUSY.

TACOMA, August 16.—Armed with two .38 calibre revolvers and crazed by jealousy, Peter Reynard, a longshoreman 54 years old, committed suicide on the street this evening after a desperate attempt to murder 17-year-old Emma Fox and Robert Corey, a young man whom she was walking. Reynard secreted himself in a doorway and when the young couple passed on their way from a party he confronted them. After firing five shots at them one of which took effect in the girl's shoulder, he turned the weapon on himself and blew out his brains. Reynard had boarded with the girl's family for five years, and was insanely jealous of the attentions recently paid her by the young man.

#### ILLEGAL FREIGHT CHARGES.

MONTPELIER, Vt., August 16.—Two suits against the Central Vermont Railroad have been brought by Attorney-General C. T. Fitts, in behalf of the State of Vermont on account of alleged illegal freight charges. The first suit which is for \$10,000, alleges that excessive freight tariffs have been charged and the second, for \$5000 damages, demands the return to the state of amounts alleged to have been collected in excess of the regular rates. Attorney-General Fitts alleges that the state has been compelled to pay higher rates for all coal purchased and used by the Insane Asylum at Waterbury, than private concerns have paid.

## NEWS OF OREGON AND THE NORTHWEST.

#### FLAMES SWEEP KOOTENAY.

Havoc Being Wrought With Timber in  
British Columbia.

VICTORIA, B. C., August 16.—The forest fires are playing serious havoc with timber throughout both East and West Kootenay, and unless rains come soon the loss will be in the millions. At Kingsville, seven miles west of Moyle, the limits of the King Lumber Company have been swept, and the company's camp burned, the mills themselves being saved with difficulty. There is an immense area burning near the North Star mine, on the Marysville branch railway, and in the vicinity of Salmo a tract not less than eight miles long by five miles in width is burning. The fire has thus far been kept to the east side of Salmon River, but Manager Archibald and his crew from the Kootenay Shingle Company's camp are about "all in," and at the end of their resources in fighting the blaze. Davies & Sayward's big limits in lot 273 are also reported virtually wiped out.

The excessively dry weather and the intense heat of the past few weeks have made the interior forests as inflammable as tow, and of water to deal with an extensive fire outbreak there is none. The entire valley of the Kootenay River is now dark with the smoke of many fires.

#### GATE WRECKERS TO BE ARRESTED

TILLAMOOK, Ore., August 16.—James F. Reher, William Ryan, W. H. Hadley, Earl Stanley, Ernest Beelitz, and two other persons, whose names have not been made known, will be arrested for destroying the tollgate on the Wilson River road. The tollgate was torn out on August 5, and John McNamer, having made a complaint against the parties for maliciously destroying the property. Deputy District Attorney W. H. Cooper indicted them. These parties are settlers on the Wilson River road, who claim the contract that McNamer claims he has a right to establish a tollgate and collect toll was obtained from Claude Thayer, which was granted by the County Court for 50 years, and without even advertising that the court would lease the road, nor did it call for bids. This the settlers claim, the court could not do legally, and that McNamer has no legal right to hold people up for toll. Thayer a few years ago let McNamer have the lease on the understanding that he should have a percentage of the toll money collected.

## Thousands of Women ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable  
Compound Rests Upon the Fact that It  
Really Does Make Sick Women Well.

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatments for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructive ever discovered to act directly upon the female system, positively curing disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), weakness, displacements, inflammation, ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Any way write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

#### FIRES ON THE COQUILLE.

Many Logs and Much Standing Timber  
Are Destroyed.

COQUILLE, Ore., August 16.—Fierce forest fires have been raging on the Coquille River for several days past. The worst fire was in the logging camp of the Cody Lumber Company, or Laupa Creek, and in the Aasen Bros. camp, in Rinek Creek, in both of which many logs as well as standing timber have been destroyed. It is believed that all the fires are now practically under control, but the loss will aggregate several thousand dollars. The origin is supposed to have been from sparks from the logging engines.

#### FACING SERIOUS CHARGE.

COQUILLE, Ore., August 16.—Maxam Garvy, a prospector, 65 years of age, traveling through this place on his way to Curry county, where he expected to prospect this winter, was arrested Sunday evening, charged with a statutory offense by a 7-year-old girl. Ryan's horses became frightened at a traction engine, and being unable to hold them he was thrown to the ground, one wheel of the dray passed over one of his ankles, bruising it severely. Mullen was driving his horses directly in front of the runaway team, and in the collision Mullen was thrown from his seat and trampled beneath the horses' hoofs. He sustained three broken ribs, a fracture of the skull and painful internal injuries.
